Matters Arising:

Ready for the 2018 Elections?

May 2018: we will be voting for councillors on both the Huntingdonshire District Council and the St Ives Town Council. This year the two election cycles will be timed to occur in the same year to save money. There is a lot to do to get ready for these dual campaigns. We will be talking about getting prepared, how candidates will be selected and the issues of concern to St Ives area residents.

(Current format of St Ives Labour Party monthly meeting is 'open' to enable members present to raise issues that are either current, important to them or both. If there are any issues that require a formal vote these will be announced as per the rules in order that the vote is valid.)
